

Dental Clinical Governance

- Cross Infection
- Clinical Framework
- Employment Law
- Core Standards
- Domains
- Policies
- Protocols
- Appraisals

Safety Priorities Ltd are the Dental Leaders in providing an on-going and contracted help and assistance in matters relating to Health & Safety and Employment Law compliances to hundreds of Dental Practices throughout the UK and we are pleased to announce the release of our much requested and completed file:

'The Clinical Governance Framework File'

...saving you 100's of hours of work and time!

"The Clinical Governance Framework File" is your complete answer to the Nightmare of Clinical Governance compliance which complies fully with the NHS and 'PCT' requirements. The file complies with all Domains and 10 of the Clinical Governance Themes of the Clinical Governance Framework set by the NHS.

All Policies, Protocols and Procedures are all ready supplied and written for your practice and in most cases all you need to do, is to sign the document and then enforce its requirements.

It's that simple!

Packages also available for:

- Health and Safety • Employment Law •

For more information on our packages or to request **YOUR** copy of "The Clinical Governance Framework File"

contact Safety Priorities for this latest innovation in "off the shelf" assistance.
